

## LIGHT GAUGE STEEL TRUSSES

Since 1978, Rib Roof® , Inc. has provided a complete metal building service for the self-storage builder/developer and retro-fit re-roofing systems for the industrial and commercial building industry. With value engineering and accurate estimating, Rib Roof® ensures maximum efficiencies for large and small projects. Now Rib Roof® has teamed up with a leader in the steel truss industry, NUCONSTEEL™ a NUCOR company, to bring you a proven steel truss option, NUTRUSSTM™. For new construction or retro-fit systems, Rib Roof® and NUTRUSSTM™ can provide a winning building solution.

### Features:

- Unique chord shapes provide greater strength and rigidity for ease of handling, truer build lines and higher section properties.
- Production and deliveries are usually much quicker than bar joist and build up section products.
- NUTRUSSTM™ is compatible with steel studs, wood studs, structural steel, C.M.U. masonry and pre-cast concrete.
- A variety of pitched roofs that meet non-combustible requirements.
- NUTRUSSTM™ meets non-combustible requirements.

### Benefits:

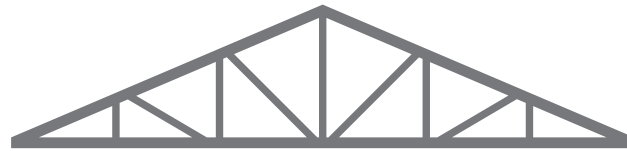

- Produced in strict accordance with national standards, proving consistent material quality.
- Dimensionally stable, does not expand or contract with moisture content.
- Non-combustible, does not contribute fuel to the spread of fire.
- Impervious to insects such as termites!
- Environmentally friendly - 100% recyclable!
- Has the highest strength to weight ratio of any building material.

## LIGHT GAUGE STEEL TRUSSES OFFERS DESIGN FLEXIBILITY

NUTRUS<sup>™</sup> is an engineered light gauge steel truss system that offers superior strength and flexibility, combined with imaginative designs that provide better spanning capabilities. Various project applications are almost unlimited. And when a great product is backed by the same level of commitment and service you've come to expect from Rib Roof<sup>®</sup>, you know you can't go wrong!

### Types of uses:

- Schools
- Care facilities
- Hotels and motels
- Canopies
- Churches
- Retail
- Agricultural
- Residential

**COMMON TRUSS**

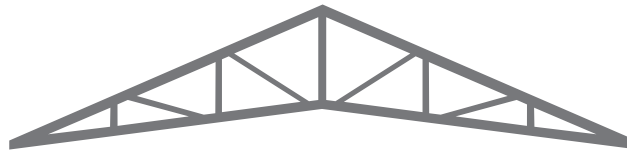

**FLAT TOP TRUSS**

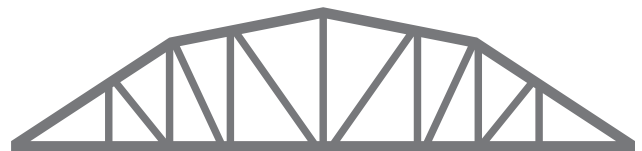

**PARALLEL CHORD TRUSS**

**MONO TRUSS**

**SCISSOR TRUSS**

**GAMBRELL TRUSS**

*Rib Roof<sup>®</sup> Metal Systems is Licensed Fabricator of NUTRUS<sup>™</sup> by NUCON Steel. Although individual truss designs are reviewed and certified for all 50 states, the overall building design remains the responsibility of the building designer.*
